

11th Edition of the International Conference on

Nanotechnology for Better Living

NBL - 2027

A joint initiative of

**National Institute of Technology Srinagar
and
Indian Institute of Technology Ropar**

From: 07-11 September, 2027

In Collaboration with

CUK, SKUAST-K, AMITY, SKD and Other Institutions of Excellence

Host Institutions of NBL -2027:- NIT Srinagar & IIT Ropar

National Institute of Technology Srinagar

Established in 1960 as the Regional Engineering College (REC) Srinagar, the institution was subsequently upgraded to the National Institute of Technology Srinagar in 2003. Over the decades, NIT Srinagar has emerged as a prominent centre of technical education, scientific research, innovation, and human resource development. As an Institute of National Importance under the Government of India, it continues to contribute significantly to the advancement of science, engineering, technology, and society. Nestled in the picturesque Kashmir Valley, NIT Srinagar provides an inspiring environment for learning, research, and innovation. The Institute has played an important role in regional development through quality education, technological advancement, research, and the development of skilled human resources. Its academic and research activities span diverse disciplines of engineering, science, technology, management, and other emerging interdisciplinary areas.

The Institute takes pride in its distinguished alumni, who continue to contribute to scientific, technological, industrial, and societal development across the globe. NIT Srinagar also continues to strengthen its engagement with its alumni community through growing academic, professional, and institutional collaborations. With an increasing emphasis on interdisciplinary research, innovation, entrepreneurship, and national and international collaboration, NIT Srinagar continues to strengthen its position as an important institution of higher learning. Through its commitment to academic excellence and research-driven innovation, the Institute seeks to contribute meaningfully to technological advancement and sustainable societal development through organising national and international conferences/symposiums regularly and periodically.

Indian Institute of Technology Ropar

Established in 2008, the Indian Institute of Technology Ropar (IIT Ropar) is one of the newer Indian Institutes of Technology established by the Government of India to expand and strengthen the country's technical education and research ecosystem in science, engineering, and technology. Since its establishment, the Institute has steadily developed as a center for quality education, advanced research, innovation, and interdisciplinary collaboration. IIT Ropar offers a vibrant academic and research environment that brings together diverse disciplines to address contemporary scientific, technological, and societal challenges. The Institute is actively engaged in fundamental and applied research and promotes innovation through collaboration among researchers, students, industry, and other academic institutions.

Over the years, IIT Ropar has developed into a prominent institution for education, research, innovation, and interdisciplinary engagement. The Institute encourages translating scientific knowledge and technological research into innovative solutions with potential societal and industrial impact. With a growing focus on interdisciplinary areas, including artificial intelligence, data science, advanced engineering, science, and emerging technologies, IIT Ropar continues to contribute to the development of innovative solutions and skilled human resources. Through national and international collaborations, the Institute is strengthening its role in research, innovation, entrepreneurship, and technological advancement. The participation of IIT Ropar as a collaborating institution in NBL-2027 further reflects the shared commitment to promote interdisciplinary research, scientific exchange, innovation, and collaboration across diverse fields of nanotechnology and allied sciences besides having one International symposium on semiconductors.

2nd November, 2026

Subject: 11th Edition of "International Conference on Nanotechnology for Better Living" NBL-2027 from 07-11 September, 2027 - A Joint Venture of multiple institutions.

Greetings from NIT Srinagar!

The 11th edition of biennial International Conference on Nanotechnology for Better Living" **NBL-2027**, is being organized by NIT Srinagar (J&K) in collaboration with IIT Ropar and in close association with the prestigious institutions/ organizations including Central University Kashmir, SKUAST-K, AMITY New Delhi and SKD University Rajasthan from **07-11 September 2027**, which marks the birth anniversary of a Chemist and Physicist John Dalton - A British physicist who developed the atomic theory of matter- Daltonism.

A fabulous fusion of physical, chemical, biological, agricultural, engineering and health sciences will provide a vibrant platform to present and discuss path-breaking research ideas in nanotechnology and allied fields, and serve as an interface between academia and industry. A galaxy of local innovators and entrepreneurs shall be a part of the summit, along with students and scholars. It is pertinent to mention that the event is being organized in the backdrop of the NBL series, since 2011, which were marvelous and memorable joint events between IIT-Kanpur and NIT Srinagar, and in association with many prestigious universities. The Conference has three major components: -

- (I) For Day 2 - Physical Sciences (Covers Engineering, Environmental and Climate Sciences)
- (II) For Day 3 - Biological Sciences (Covers Medical, Health and Pharmaceutical Sciences)
- (III) For Day 4 - Agricultural Sciences (Covers Agriculture, Food, Fertilizers and Soil sciences)

(Day 1 is for Tutorials and for Formal Inauguration, whereas Day 5 is for Panel discussion followed by valedictory at some tourist destinations within valley).

There is an option for some universities/Industries/, and organizations to be associated with the scientific event, aiming to strengthen the handshake between academia and the industry, while also providing potential networking and career opportunities for students, scholars and aspiring industry practitioners. As mentioned above, dedicated panel discussions by distinguished speakers and subject matter experts, on thematic topics relevant to the conference, shall be organized for a fruitful dialog and exchange of ideas. In the 11th edition, the dedicated sessions, "Nurturing minds for a better world," shall be conducted during the conclave by a few stalwarts, thus handing over this multidisciplinary science to our young and smart generation.

The deadline has been set as **30th March 2027** for the extended Abstract Submission (one page with a schematic diagram/graphical abstract/sketch and conclusion). I look forward to your kind cooperation in forwarding this information to your colleagues, students, and friends for wide circulation and for participation in this sacred place of saints from 07-11 September 2027. We cordially invite researchers, faculty members, students, scientists, innovators, entrepreneurs and industry professionals to participate in NBL-2027 and contribute in making the conference a meaningful platform for scientific dialogue and collaboration.

With very best regards

Dr. M. A. Shah
General Chair NBL Series at NIT Srinagar

Tracks and Thematic Areas (But not Limited)

1. Advanced Materials and Applications
2. Magnetic and Energy Storage Materials
3. 2-D Functional Materials
4. Composites and Advanced Materials
5. Semiconductors and Super-capacitors
6. Materials for Space and Aeronautical sciences
7. Glasses, Ceramics and Polymers
8. Electronic and thermoelectric Materials
9. Materials for Water Purification and Harvesting
10. Carbon-Based and Related Materials
11. Quantum Computing and Communication
12. Quantum Materials and Devices
13. Computational Nanoscience and AI
14. Quantum information and Data Science
15. Smart Sensors and Intelligent Devices
16. Materials for Radar, Robotics and Automation
17. Satellite, Drone and Unmanned Technologies
18. Green Transportation, Electric Vehicles and Batteries
19. Resilient Infrastructure and Sustainable Materials
20. Climate, Natural Disasters and Remote Sensing
21. Bio-Materials and Nano-Biotechnology
22. Nanomedicine and Biomedical Technologies
23. Implants, Dental and prosthetic Materials
24. Flexible Food Packaging and Food Technologies
25. Smart Fertilizers and Sustainable Agriculture
26. Characterization and Analytical Techniques
27. Crystal growth and Thin Film Technologies
28. Coatings and Corrosion resistant materials
29. Micro & Nanoelectronics
30. Flexible, Wearable and Stretchable Electronics

Abstract Submission: Open

Humble Submission before you upload abstract:

Your one page abstract must be original work and free from any kind of plagiarism. The graphical abstract of around 400 to 500 words, outlined in single paragraph should contain aim, scope and conclusion. It should state briefly the purpose, results and major conclusions. Avoid references, uncommon abbreviations and should stand alone, separate from the article. **Follow the format before uploading it.**

Delegate Registration Tariff:-

Category	Research Scholars/ Students		Academia/ R& D Institute/Laboratorie		Industries/Manufacturer/ suppliers/ distributors		Accompanying Person	
Currency	₹	\$	₹	\$	₹	\$	₹	\$
Country	India	Foreign	India	Foreign	India	Foreign	India	Foreign
Amount	3500 (25% less for female scholars)	150	6000	600	10,000	15, 000	2500	150

Note: After 15th April 2027, an additional 25% shall be charged across all categories.

The Registration Fee includes Lunch for conference days, a stationery kit, Memento and one certificate. Please note that accommodation is limited (on payment basis), and participants are encouraged to register early and send a separate request for accommodation. We have plenty of hotels near venue and NIT Srinagar.

Account Details:

International Conference on Nanotechnology for Better Living
ICNBL 2027

Account Holder: Director, NIT Srinagar

Bank: Jammu & Kashmir Bank

Branch: REC Srinagar (NIT Srinagar Premises)

Account No: A/C NO: 0391040100010996

IFSC Code: JAKA0RECSGR, MICR Code: 190051054

Call for Sponsorship:-

Diamond Sponsor

Rs. 1,00,000/-

Gold Sponsor

Rs 50,000/-

Silver Sponsor

Rs. 25,000/-

Logo on conference website, printing material, banners and brochure

Sponsor acknowledgement during inaugural/valedictory session

Dedicated technical presentation/Branding on selected conference materials

Complimentary registrations /Exhibition Counter

Advertisement in the conference souvenir

IMPORTANT DATES

Abstract Submission Ends:

30th March 2027

Abstract acceptance date:

15th April 2027

Registration Opens:

2nd Oct. 2026

Conference dates:

7 - 11 September 2027

NBL Spectrum:-

The scientific program of NBL -2027 will feature:

- Plenary lectures by internationally renowned scientists and distinguished researchers
- Keynote talks by experts from academia, and industry
- Emerging trends in nanotechnology and advanced materials
- Workshops, panel discussions, and interactive sessions with stalwarts
- Oral and poster presentations by researchers and young scientists
- Industry-focused discussions on commercialization and future technologies
- Networking opportunities for collaborative research and innovations innovation
- Exhibition of Globally Recognized Products, Equipment, Instruments, and Tools
- Special Sessions for Women Working in Science, Technology, and Innovation
- Young Researcher Award, Young Scientist Award, and Best Poster Awards
- Scientific Deliberations by More Than 50 Experts and industrialists
- Exhibitions and Participation by 50 National and International Companies
- Poster Presentations by 300 Young Scientists and Researchers
- Special sessions by DRDO/CSIR/DAE/MoJS/MNRE
- One special session for local innovators and entrepreneurs

Poster-Walkway of Discovery & Innovation

A unique opportunity for scientists and researchers to showcase their innovations and research in the field of Nanoscience. The best posters will be suitably rewarded. This platform is designed to encourage young researchers and entrepreneurs to present their research and innovative ideas to a wider audience. The event is expected to attract potential investors, heads of leading R&D laboratories, venture capitalists, and industry leaders. **Register Now!**

Research-Industry Meet

A unique platform connecting young researchers and entrepreneurs with industry leaders to showcase their research, innovations, and ideas with potential for real-world applications. The meet is expected to bring together potential investors, heads of leading R&D laboratories, venture capitalists, and industry leaders, fostering opportunities for collaboration, technology transfer, and innovation. **Register Now!**

Why to attend NBL - 2027

- ✓ International scientific networking
 - ✓ Expert plenary and keynote lectures
 - ✓ Young researcher opportunities
 - ✓ Industry interaction and technology showcase
 - ✓ Research collaboration and MoUs
 - ✓ Awards and recognition
 - ✓ Explore Kashmir during the conference

International Advisory Board

1. Prof. Mohamed Henini, University of Nottingham, UK
2. Prof Kishor Kumar, Qatar University
3. Dr. Meyya Meyyappan, NASA, USA
4. Dr. Sultana N. Nahar, The Ohio State University, USA
5. Dr. Sajad A. Loan, PhD IITK, Kingdom of Saudi Arabia
6. Prof. Zhipping Lie-KAUST, Saudi Arabia
7. Prof. Ravi P. Silva-University of Surrey, UK
8. Prof. Madhumita B. Ray, University of Western Ontario
9. Prof. Saptarshi Das, Pennsylvania State University, USA.
10. Prof. Sungjune Park, SKKU, South Korea
11. Prof. J Narayan, North Carolina State University
12. Prof. Abdullah M. Asiri, King AAU, Saudi Arabia
13. Dr. K. K. Singh, BITS Pilani, Dubai Campus.
14. Dr Nguyen TK Thanh UK
15. Prof Zhiguo Yi, China
16. Prof. Toshihiro Moriga, University of Tokushima, Japan
17. Prof, Ahmad Fuad Ahamsuddin, Uni KL, Kuala Lumpur
18. Dr. Hanan M. Saadeh, University of Jordan.
19. Prof. Mustafa, Babal Noshirvani University of Technology
20. Dr. Yaser Khanjani, Sharief University Iran
21. Prof. Hamid R Dizaji, Semnan University, Iran
22. Dr. Rahima Nasrin, University of Barisal Bangladesh
23. Dr. Jayasundara, University of Colombo Srilanka
24. Prof. Chen Xiaodong, Naanyang Technological University, Singapore.
25. Prof Fazary Azad bin Abd Latif, Malaysia
26. Dr. Irshad Ahmad, American University of Ras Al Khaimah
27. Prof Mir Fazal, QRC, Canada
28. Prof Yoshiro Azume, Japan

Committees For NBL - 2027:

A. **Publicity & Registration Team:** (It includes wide circulation of brochure, periodic review and registration of delegates).

- 1.
- 2.
- 3.

B. **Technical & Abstract Review Team:-** (It includes review of all abstracts and papers including checking of plagiarism/AI).

- 1.
- 2.
- 3.

C. **Printing & Publication Team:-** (It includes, publication of Abstract Book, Full Length Papers in good journals with reputed publishers).

- 1.
- 2.
- 3.

D. **Budget & Finance Team:** (It includes submission of application forms to funding agencies for sponsorship, endowments and of management of funds under different heads).

- 1.
- 2.
- 3.

E. **Travel and Accommodation Committee:** It includes travel information of delegates, local tour and feasible accommodation arrangements on payment basis, nearby).

- 1.
- 2.
- 3.

F. **Hospitality & Protocol:** (It includes the arrival of guests/ eminent scientists and their proper arrangements as per entitlement).

- 1.
- 2.
- 3.

G. **Industry and Innovation:** (It includes to reach the the industrialists, their sponsorship and their proper arrangements as per entitlement).

- 1.
- 2.
- 3.

Single Point Contact:

Venue: Your Route to Us- How to Reach the Conference Venue?

Convention Hall, Sher-E-Kashmir University of Agricultural Sciences and Technology of Kashmir (SKUAST-K), Shalimar, Srinagar- Kashmir.

By Air

The nearest airport to NIT Srinagar is Sheikh ul Alam International Airport Srinagar (SGR), which is about 25 kilometers away. From the airport, you can hire a taxi or use public transport to reach the venue.

By Train

Train station is also around 20 Kilometers away from NIT Srinagar and the nearest one is Nowgam Railway Station. You can check the Indian Railways website or apps like IRCTC for train schedules and bookings. The Vande Bharat Express connects Jammu Tawi and Srinagar, covering a distance of 270 km in about 4 hours and 50 minute.

By Bus

NIT Srinagar is well-connected by road. You can take a J&K SRTC Roadways bus or private bus services from nearby cities such as Delhi, Chandigarh, Amritsar and Jammu. The city is located on the famous Dal Lake making it accessible by road.

By Car

If you prefer to drive, you can reach NIT Srinagar by National Highway 44 (NH -44) , which connects it to other major towns. The drive from Delhi to Srinagar takes approximately 12 - 15 hours, depending on traffic conditions.

Local Transport

Once in Srinagar, you can use local transport options like auto-rickshaws and taxis and smart buses to get around the city. Make sure to check the latest travel schedules and routes before starting your journey, as they may change based on local conditions.

Shalimar - Kashmir

Post Conference Attractions & Weather

Popularly known as nature's paradise, Kashmir has a magical view of snow-clad mountains. September is an ideal time to explore the breathtaking beauty of Kashmir, with pleasant days, cool evenings and generally clear skies. In September, Kashmir experiences pleasant weather as it transitions from summer to autumn. The temperatures during the day can range from 25°C to 32°C. Nights can be cooler, with temperatures ranging from 15°C to 20°C, while higher destinations are cooler. Delegates can enjoy a Shikara ride on Dal Lake and visit the magnificent Mughal Gardens of Srinagar. Explore the lush meadows and panoramic Himalayan views of Gulmarg, including the famous Gondola ride. Discover the scenic Pahalgam, Aru Valley and Betaab Valley, surrounded by forests and the Lidder River. Visit Sonamarg and Thajiwas Glacier for spectacular alpine landscapes and mountain scenery. For a quieter experience, Doodhpathri and Yusmarg offer pristine meadows and peaceful surroundings.

Venue: Convention Hall
